

Introduction of Annual Report 2025- Day 1

Dear friends,

I warmly welcome you all to Marian Fiesta 2025, our Annual Function. It is a privilege and honor to share a few simple thoughts, about what makes St. Mary's truly special to me. We cherish and love these, unique aspects of this institution.

Reflecting on our humble beginning 28 years before and the remarkable growth we have achieved, I am often reminded of a meaningful Bible verse: "I have carved you in the palm of my hand." This verse is a testament to God's unwavering protection and care. It provides spiritual strength to everyone within St. Mary's family.

Interacting with our alumni is a source of joy and pride. Their story of success reaffirms the deep meaning of our school motto, "With Light to the World." Our alumni, who went out from this campus bearing this slogan, still continue to shine brightly, carrying the spirit of St. Mary's. Yes St. Mary's shines brightly at Chevarambalam singing praise to God, and here we remember our founder Thommichayan's words, "sing praise to God always".

On top of our school building, the beautiful image of a child writing the alphabets of (Sneham) sitting in Jesus' lap symbolizes the dedication of our teaching community. I salute my team teachers for doing this mission very passionately.

The school campus is enriched by the presence of friends and classmates without too many restrictions. Not only that the presence of teaching and non-teaching staff, neighbors and well wishers, offer children the assurance of divine protection, as promised in scripture "*God will command His angels to guard you.*"

These simple things make St. Mary's a beacon of hope and a flame of love. It is because of these values that my team sisters, our staff, and our children hold St. Mary's so close to their hearts. St. Clare of Assisi says, "We become what we love." In the same way I am sure that we will also become what we love.

Let me conclude this introduction, extending a word of gratitude: to my team sisters for their solidarity and tolerance, to our dedicated staff, especially the coordinators, for their understanding and commitment, to the parents and PTA executive members for their cooperation and good will and to our well-wishers for their unwavering moral support.

Together, we have been the pillars of strength that uphold St. Mary's success. This annual report celebrates the achievements and milestones of our school community, and we are proud to share our story with you through the video report.

Thank you.
Sr. Anice

Introduction of Annual Report 2025- Day 2

'If you want to change the world, you change the world of a child,' says Patricia Nell Scott an American politician. St Mary's believes that in every child there is tremendous potential to change the world

Dear friends and dignitaries

I warmly welcome you all to Marian Fiesta 2025, our Annual Function. It is a privilege and honor to share two or three simple reflections about what makes St. Mary's truly special to me and my team here.

Reflecting on our humble beginning 28 years before and the remarkable growth we have achieved, I am often reminded of a meaningful Bible verse: "I have carved you in the palm of my hand." This verse is a testimony to God's unwavering protection and care. It provides spiritual strength to everyone within St. Mary's family.

Interacting with our alumni is a source of immense joy and pride. Their story of their success after leaving this institution reaffirms the deep meaning of our school motto, "With Light to the World." Our alumni, who went out from this campus, still continue to shine brightly, carrying the values and spirit of St. Mary's. Yes St. Mary's shines brightly at Chevarambalam singing praise to God.

On top of our school building, the beautiful image of a child writing the alphabets of (Sneham) sitting in Jesus' lap symbolizes the dedication of our teaching community. I appreciate my team teachers for doing this mission very passionately for making changes in their world.

These kind of simple things make St. Mary's a different world. Such things will bring changes in the world of a child. Let me repeat once again the quote by Patricia Nell Scott 'If you want to change the world, you change the world of a child,'

Let me conclude this short reflections extending a word of gratitude: A bouquet of thanks to my team sisters for their solidarity and tolerance, to our dedicated staff, especially the coordinators, for their understanding and commitment, to the parents and PTA executive members for their cooperation and good will and to our well-wishers for their unwavering moral support.

Together, we have been the pillars of strength that uphold St. Mary's success. This annual report celebrates the achievements and milestones of our school community, and we are proud to share our story with you through the video report.

Thank you.
